In 2020, **76.5% of startups in Georgia survived at least one year**, compared to 78.1% of startups at the national level.

ABOUT THE DATA: Each of the indicators presented above come from the Kauffman Early-Stage Entrepreneurship Indicators. The rate of new entrepreneurs and the opportunity share of new entrepreneurs are calculated using 3-year moving averages. Startup early job creation and startup early survival rates are based on data from March 2020, and do not reflect the full effects of the pandemic.
